

Derbyshire Directory of Domestic Abuse Services

Perpetrator Interventions

(Subject to funding)

This is a directory which outlines the domestic abuse services that are available in certain areas throughout Derbyshire. For ease of access, the DA Service Directory has been split into sections which show the type of domestic abuse support available in Derbyshire, as follows:

- Accommodation / Accommodation-based Support
- Community Outreach Support - Adults
- Children and Young People's Support
- High Risk Independent Domestic Abuse Advisor Services
- Perpetrator Interventions (this document)
- Target Hardening
- Training and Development

The Derbyshire DA Service Directory will be regularly updated to ensure that it remains current, with additional services added as required. Therefore, it is recommended that the DA Service Directory is not saved on file but, instead, accessed via the link on the Safer Derbyshire website each time.

Should it be apparent that the Derbyshire DA Service Directory requires further additions or amendments, please email jill.hanrahan@derbyshire.gov.uk so that the directory can be updated as quickly as possible. Please note, some service descriptions may appear more than once due to being repeated under different sections of the directory.

Description	<p>The 180° Project is a service tailored specifically for high-risk, high-harm perpetrators of domestic abuse.</p> <p>The service aligns to Respect standards and is designed to keep victims safe, including children, by promoting changes in attitudes and behaviour of those who genuinely want to stop being abusive towards intimate partners.</p> <p>The project offers a varied programme of support, tailored to the individual and based on their needs and suitability assessment.</p> <p>Participants will be supported to recognise the difference between a healthy and unhealthy relationship, take accountability for their behaviours and learn to identify safer ways to deal with their emotions and actions.</p> <p>180° is developed for perpetrators that are willing to complete work, but do not show the level of acceptance of their abusive behaviour needed for a long-term behaviour change programme. Our aim is to move them to a place where they are able to accept their abusive behaviour and increase their motivation to change.</p> <p>180 The safety of (ex) partners and children is priority, and an integrated support service (ISS) is an essential part of the programme. It provides 1:1 and coordinated multi-agency support for survivors from the point of perpetrator referral to service exit.</p>
